## **ENVIRONMENTAL MANAGENT SYSTEMS: ISO 14001: 2015**

### **NARROWTEX ENVIRONMENTAL POLICY**

Narrowtex is a market leader in the design, manufacture, marketing and distribution of woven narrow fabric textiles.

Narrowtex is committed to continual improvement which is also achieved by compliance with all requirements of the Environmental Management System -SABS ISO 14001:2015 Standard Code of Practice.

The above is achieved through Senior Management's commitment to:

- Provide a safe and healthy working environment that will promote work satisfaction, teamwork, motivation, environmental and quality awareness.
- Comply with the SABS ISO 14001:2015 Code of Practice and comply to applicable environmental legislation and regulations.
- Ensure that all products in the range do not cause any environmental damage through its receipt, storage and disposal methods.
- Prevention of pollution and take all possible precautions to ensure that water, air and land pollution does not occur.
- Establishment, achievement, implementation, communicating, maintaining and reviewing of objectives and targets for continual improvement of our environmental performance and the Environmental Management Systems [EMS].
- The Policy Statement remains the property of Narrowtex Pty Ltd – Estcourt, and can only be viewed by public, if permission is granted by the Managing Director or Senior Management.
